EVENT REPORT: Code and Play

Date of Event: 23 September, 2024

Time: 10:30 AM - 02:00 PM

Venue: Lab 17, Second Block, AITR

Topic: Interactive Web development through Web-based game

Organizer: CSI - AITR Student Chapter

Audience Profile: Second Year students.

No. of Participants: 100+ students and team members of CSI - AITR Student Chapter

Anchor: Akshat Soni (CSE 2nd Year)

Speakers: Mr. Aman Wairagkar (Experienced Full stack web developer)

Event Summary:

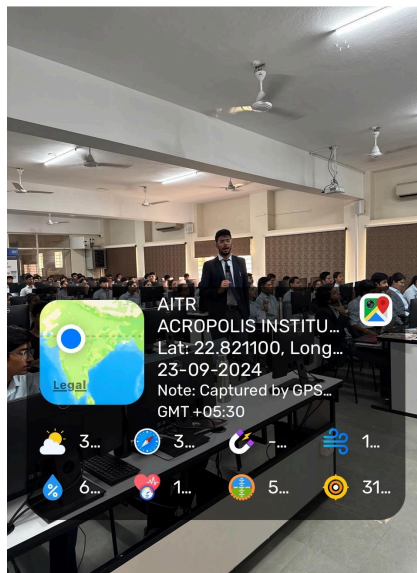

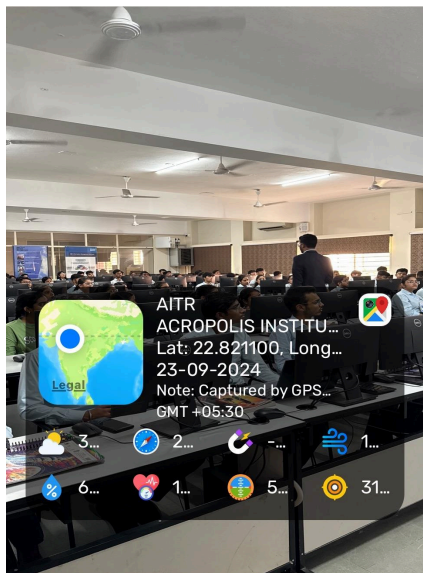

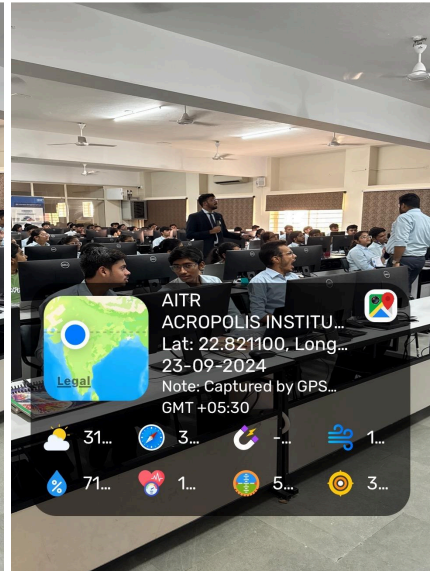

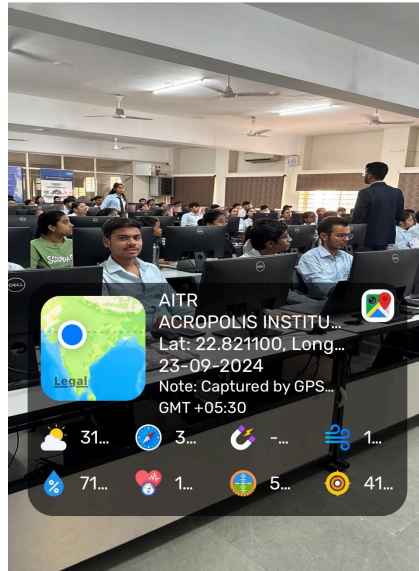

The CSI-AITR team successfully organized an engaging Web Development Workshop on [insert date], featuring our esteemed speaker, Aman Wairagkar. The session aimed to introduce students to the foundational aspects of building a web-based game using HTML, CSS, and JavaScript.

Highlights of the Event:

- The event commenced with a warm welcome by Akshat Soni, who introduced the speaker, Aman Wairagkar. He gave a brief overview of the session's objectives before handing over the mic to the speaker.
- Aman Wairagkar kicked off the workshop by explaining the structure of the game he planned to teach during the session.
- He began with an introduction to web development concepts, focusing first on the structure and styling of web pages using HTML and CSS.
- The students were guided through the basics with clear examples, making the learning experience interactive and accessible.
- Following this, Aman proceeded to introduce JavaScript to the participants, demonstrating how to incorporate functionality into web applications.
- Due to time constraints, he couldn't complete the entire game development process within the session. However, he proposed scheduling an additional online meet-up to complete the remaining elements.
- After the main session, Akshat Soni took over and expressed gratitude to the speaker and participants during the vote of thanks.
- Nidhish suggested conducting a short quiz based on the topics covered, which was well-received by the audience. Despite the limited time, the students actively participated and enjoyed the interactive nature of the quiz.
- The event concluded with the distribution of refreshments, leaving the participants eager for future sessions organized by CSI-AITR.

- Overall, the workshop was a great success, with positive responses from the attendees. It provided an excellent learning experience, fostering both knowledge and curiosity among the students
